TECHNICAL DATA SHEET

CA 81 Ultragrip

Construction Adhesive

➤ DESCRIPTION

CA 81 construction adhesive is a versatile multipurpose mastic that combines high strength and toughness with good gap filling qualities. The dry film has some flexibility, is waterproof, paintable and has excellent ageing characteristics.

➤ USES:

CA 81 is a high strength mastic adhesive recommended for the fixing of timber (flooring and wallboards). It will bond to wood, steel, aluminum, brick, concrete, cement sheets, plywood and hardboards.

➤ DIRECTIONS FOR USE:

All surfaces must be clean, dry and free from grease. Apply a bead or by scraper for larger areas to one surface, bring the other into contact and brace or mechanically fix for 24 hours. Faster results may be obtained by separating the two surfaces after initial contact, allowing the solvent to evaporate for 3-5 minutes then pressing back together.

➤ **COVERAGE:** 5 –7 Square metres with a 1.5 mm V-Notched Trowel.

➤ **SHELF LIFE:** Up to 18 months in an unopened container, stored in a cool dry place.

➤ **CLEAN UP:** Mineral Turps.

➤ **SAFETY DIRECTIONS:** Avoid contact with skin and eyes. Avoid breathing its vapour. Keep away from heat sparks and naked flames.

➤ **FIRST AID:** If poisoning occurs contact a Doctor or Poisons Information Centre. If swallowed DO NOT induce Vomiting.

➤ **PACK SIZES:** 300 ml cartridge (20 x 300 ml carton)
850ml cartridge, (12 x 850 ml carton)
4 Ltr, 20 Ltr
